

SMOKY LAKE COUNTY

Title: Haul Rate Adjustment for Fuel Price	Policy No.: 13-03
Section: 03	Page No.: 1 of 2

Legislation Reference:	Alberta Provincial Statutes
-------------------------------	-----------------------------

Purpose:	To ensure that fair compensation is provided to our private hauling contractors when the price of fuel rises.
-----------------	---

Policy Statement and Guidelines:	
1. STATEMENT	
1.1	Smoky Lake County recognizes that the cost of fuel has increased significantly over this past few years and continues to be an unstable commodity.
1.2	The Policy establishes a floating rate baseline and thresholds of fuel prices to compensate the private hauling contractors' cost of fuel expenses.
2. DEFINITION	
2.1 Fuel Index:	An <u>Fuel Index</u> Schedule is developed as a baseline indicating fuel prices to adjust the haul rates when fuel costs increase.
Fuel Cost –	the left column Schedule "A": is the price range of diesel fuel in \$0.1 (one) cent increments.
Haul Rate –	the right column Schedule "A": is the haul rate cost corresponding to the fuel price within a \$0.5 (five) cent increment range.
3. PROCEDURES	
3.1	The Public Works Department will review weekly, every Monday, the fuel prices, and adjust accordingly the "Haul Rate", per tonne, per mile, based on the attached Schedule "A": Fuel Index , for the week's haul.
4. LOADING FACTOR	
4.1	Smoky Lake County shall pay to Private Haulers of Aggregate an amount of \$0.64 per tonne as a loading factor.
