

SMOKY LAKE COUNTY

Title: Specialized Gas Pipeline Tie-ins	Policy No.: 10-01
Section: 09	Page No.: 1 of 1

Legislation Reference:	Alberta Provincial Statutes
-------------------------------	-----------------------------

Purpose:	To provide guidelines in fair payment for specialized gas line installation costs.
-----------------	--

Policy Statement and Guidelines:
<p>Whereas; Smoky Lake County Natural Gas Utility will install and maintain larger diameter pipe for commercial or private grain dryer.</p> <p>Therefore; Customers requiring this service will pay as per the Policy 09-18-02: Natural Gas Grain Dryer(s).</p> <p>Future customers tie-ins into the 2'' diameter pipe supplying grain dryers, industrial or commercial customers, that was paid for by the end users, will be charged a fixed price per meter, (price established at the time of original construction), this will be from the new customer tie-in location to the source of supply, or from the last customer tie-in location on mainline.</p> <p>Monies paid by the new customer tying into the 2'' main line will be reimbursed through the County to the original end using customer.</p> <p>All costs incurred from the tie-in location to the new users appliance will be the responsibility of the new customer.</p> <p><i>Example:</i> Total cost of installation of \$20,000.00 for 1650 meters.</p> <p style="text-align: center;"> $\\$20,000.00 / 1650 \text{ meters} = \\12.12 per meter New customer location 638 meters from tie-in location $638 \times \\$12.12 = \\$7,732.56$ </p> <p>The amount of \$7,732.56 will be payable through the County to the original landowner that initially paid for the primary 2'' diameter pipe.</p> <p>If the original landowner has sold or transferred the title, this policy becomes void.</p>
