

March 16, 2020

In light of the spread of COVID-19, Smoky Lake County has reviewed all operations and implemented specific continuity plans. The County is adhering to the protocols from Alberta Health Services, and will be implementing all reasonable measures of Social Distancing in all departments.

The health and wellbeing of our workers and citizens is of the utmost importance. For the most part, most County services will continue normally, as many of our operations do not require close, social interactions.

Effective immediately, The Smoky Lake County Main Office building and the office at the Public Works Shop are now closed to public access until further notice. Again, all County services will continue as normal, other than direct, physical contact with County staff. County staff will continue to provide all services through telephone, email, fax, on-line payments, regular mail, and via the drop box at the County office. The County Shop will continue to receive pre-arranged shipments.

Further, Council has cancelled all pending Committee and Council meetings for the month of March.

We thank the public for their patience, understanding, and ongoing support for our measures that will bolster the safety health of our community.

Cory Ollikka, CAO

Smoky Lake County
