Policy Statement No. 03-22-01: Request for Traffic Control Device

51-12: Danyluk That **Policy Statement No. 03-22-01** entitled "Request for Traffic Control Device", be adopted:

Purpose:	To provide guidelines for individuals and organizations that
	request information / traffic signs to be installed within
	municipal road right-of-way and provide an approval
	process.

Policy Statement and Guidelines:

1. STATEMENT:

- 1.1 This policy is designed to provide guidance to Administration and to the community on the placement of traffic control devices throughout the County.
- 1.2 Smoky Lake County will allow the requests for the placement of traffic control devices along public road allowances in order to promote and increase safety on public roadways.
- 1.3 The purpose of traffic control devices is to inform drivers of traffic regulations, warn of road characteristics or hazards, and provide information necessary for route selection.
- 1.4 Smoky Lake County will not install of contribute towards any sign(s) placed on private property.

2. **DEFINITIONS:**

- 2.1 **Traffic Control Device:** A traffic control device is a sign, signal, pavement marking or other device, placed upon, over or adjacent to the road, by a public authority or official having jurisdiction, under the authority of the Traffic Safety Act for the purpose of regulating, warning or guiding traffic.
- 2.2 Manual of Uniform Traffic Control Devices: The Manual of Uniform Traffic Control Devices for Canada (MUTCDC), published by the Transportation Association of Canada (TAC) is the principle guiding reference for installing traffic control devices. Conformance with that document and ancillary TAC publications ensures uniformity across Canada.

3. OBJECTIVE:

- 3.1 Traffic control devices constitute a system of conveying messages to the road users. The objectives of these messages are to advise of traffic regulations to enable observance of the law, warn of road characteristics, road hazards and temporary conditions, and provide the information necessary for route selection.
- 3.2 Meeting the above objective improves safety, serves the convenience of the road user, and promotes the efficient movement of people and goods and the orderly flow of traffic.

4. GUIDELINES:

- 4.1 Request(s), where traffic control devices are not appropriate or consistent with sign placement under the "Manual for Uniform Traffic Control Devices for Canada," traffic control devices may be placed with all costs to be charged to the benefiting property owner or user, subject to the approval of Council.
 - 4.1.1 Costs of school bus stop signs or other traffic control devices that are requested by external public agencies and which are consistent with sign placement standards shall be paid for by the requesting agency.

- 4.2 The individual or organization requesting a traffic control device(s) shall submit a completed application *Schedule* "A": Application Request for Traffic Control Device to Smoky Lake County. They must identify what type of sign is requested.
- 4.3 Should the applicant request the traffic control device(s) to be placed on the public road allowance, it will remain the responsibility of Smoky Lake County to ascertain if this is a proper and correct place for the placement of the traffic control device(s), and the size and dimension of the signs.
- 4.4 The cardinal principle for the placement of traffic control devices is that they must:
 - fulfill a need
 - command attention
 - convey a clear, simple meaning
 - command respect of road users
 - give adequate time for proper response
- 4.5 If the request does not fulfill a need or is a nonconforming device, but serves as a convenience, the applicant accepts the responsibility to pay for the material and installation costs of signs.
- 4.6 If the request is for a sign(s) to be placed on private property, the applicant will be given names of appropriate sign suppliers.
- 4.7 Should the applicant disagree with the decision of the Public Works Manager or the Chief Administrative Officer, the applicant may submit a written appeal to Council.

5. PROCEDURES

- 5.1 Placement of Traffic Control Devices will be approved by direction of the Public Works Manager or by direction from County Council.
 - 5.1.1 Traffic Control Devices (consisting of regulatory, warning and informational traffic signs, traffic signals, railway crossing signs and signals, pavement markings and community information signs) will be placed and maintained in accordance with applicable Provincial Acts and corresponding regulations (principally the Municipal Government Act, the Traffic Safety Act, the Public Highways Development Act and the Planning Act), and with relevant technical manuals, reports and informational publications.
- 5.2 Installation of approved Traffic Control Devices may be undertaken, as the situation dictates, by County Public Works Department, in accordance with the "Manual for Uniform Traffic Control Devices".
- 5.3 Requests for Traffic Control Devices from Council, Councillors and/or members of the public or other stakeholders for new or augmented traffic control devices, or for modifications to existing devices, will be reviewed by the Public Works Manager and evaluated in the context of this policy and where appropriate, discussed with the community-at-large, school authorities, other civic and external agencies and County Council prior to implementation or other action.
- 5.4 Requests from members of the public will be reported monthly by the Public Works Manager.
- 5.5 Removal of Traffic Control Devices no longer fulfills a need, or the device contravenes the intent of this policy, consideration will be given to removal or replacement with an appropriate device as the situation dictates. Specific examples would include stop signs that were installed instead of yield control to address sightline issues that have been resolved and all-way stop control installed to address speeding issues contrary to this policy.

5.6 Review and upgrade of Traffic Control Devices will be in accordance with <i>Policy Statement No. 14-A.01: Roadway Inspections</i> will be carried out to ensure that the required level of service is maintained.

5. <u>Issues for Information:</u>

Chief Administrative Officer's Report

The Chief Administrative Officer gave an updated report to Council for the period of September 27, 2012 to October 24, 2012.

Legislative / Governance:

- The Federal Government is changing provisions of the Navigable Waters Protection Act. These changes should make it easier for municipalities to do work near water bodies without undue bureaucracy.
- A draft agreement has been prepared as per Council's direction for the operation and cost sharing of the Vilna Waste transfer station. A copy has been sent to the Vilna CAO for Vilna's input. Once this input is received, the agreement will be brought back to respective Councils for execution.
- Have received 2 requests for Gas installations with special requests that go beyond our current policy. Tremel Greenhouses want a 5 year payment schedule for their proposed install of a 3 inch line. St. Peter and Paul Russo Greek Orthodox Church would like to have the install charges waived.
- The Park Custodians for Hanmore Lake have resigned their services.

Administration:

- The Alberta Electrical System Operators (AESO) are doing consultations with municipal planners in October/November. Does Council wish to arrange a meeting with them? If not, the planning Department can meet with them if it is felt necessary.
- Received Correspondence from Iron Horse Trail Administration wondering if the County wishes to renew the ad in the Alberta's Lakeland 2013 Activity Guide in conjunction with the Town. Cost is \$600.00 and a possible travel Alberta Grant would bring it down to \$300.00. Iron Horse Trail Administration is willing to submit the grant application on our behalf.
- Administration is preparing to host the District 5 AAMD&C meeting on January 13, 2013. Brownlee LLP has agreed to be our host for refreshments. Suggesting to use the National Hall as a facility.

Financial:

Human Resources:

■ IUOE 955 has changed their Chair for our upcoming negotiations.

Community:

- Have received a letter from the Smoky Lake Library Board requesting assistance with building upgrades. They are applying for a CIP grant and wish to get any municipal commitments in place prior to their December 15, 2012 deadline.
- The traditional \$100.00 cheques have been prepared for the two Legions in the County in support and preparation for the Remembrance Day Ceremonies. Council needs to decide who is attending the respective Ceremonies to present the cheques.
- Wrote a letter of support to Muni-Corr for the rebuilding of the Beaver River Trestle project. No monetary commitment was implicitly or explicitly made in the letter.

Training:

County Strategic Plan:

Have started with new reporting format, incorporating plan items into budget and referencing the Strategic Plan in the FRDs for Council Agenda packages.

Financial Update:

As annexed to the minutes:

♥ Financial Statement for the Month: August 2012.

Action List(s):

♦ Action List(s):

- County Council Departmental Meeting: July 30, 2012.
- County Council Meeting: September 27, 2012.
- County Council Budget Meeting: September 27, 2012.

Vilna Waste Transfer Station: Operations Agreement

58-12: Cherniwchan That

That County Council defer the discussion on the Vilna Waste Transfer Station Operations Agreement with the Village of Vilna to the next scheduled County Council meeting on December 6, 2012.

Carried.

Tremel Greenhouses

59-12: Cherniwchan

That County Council defer the discussion on the letter received from Tremel Greenhouses on October 11, 2012 in regards to upgrading the natural gas supply line from the existing 2 inch line to a 3 inch line and the request for a five-year payment schedule instead of a single lump sum payment to the next scheduled Utilities Meeting: Natural Gas.

Carried.

St. Peter and Paul Russo Greek Orthodox Church

60-12: Cherniwchan

That Smoky Lake County deny the request received from St. Peter and Paul Russo Greek Orthodox Church c/o Nick Repka, President and Mike Shapka, Secretary-Treasurer, received October 24, 2012 in regards to waive the cost of the charges for the installation of Natural Gas Service to the church, as per County Policy.
