3. Minutes:

No Minutes.

Delegation:

Killick Leadership Group Limited

Present before County Council at 9:14 a.m. to 9:29 a.m. was Cathy Goulet, President of Killick Leadership Group Limited who made the following power point presentation:

SMOKY LAKE COUNTY

STRATEGIC REVIEW
COUNCIL INTRODUCTION
MARCH 13, 2018

SMOKY LAKE COUNTY STRATEGIC REVIEW

Project Statement

To provide a statement of strategic direction for Smoky Lake County which will demonstrate leadership to residents and provide guidance to administration.

SMOKY LAKE COUNTY STRATEGIC REVIEW

Trust is the glue of life. It's the most essential ingredient in effective communication. It's the foundational principle that holds all relationships.

SMOKY LAKE COUNTY STRATEGIC REVIEW

Objectives

- In an open and transparent process, affirm the County's vision, and guiding principles and develop long-term, midterm and near-term goals.
- Provide a clearly articulated set of priorities which are trackable and reportable to Council and to residents.

SMOKY LAKE COUNTY STRATEGIC REVIEW

Deliverables

- Public engagement
- Council briefing
- Two day retreat
- Matrix of goals and performance measures
- Strategic document and one-page infographic

Additions to the Agenda:

2005 Freightliner Condor - Tender

361-18: Halisky That Smoky Lake County accept the tender bid in the amount of **\$30,000.00** plus G.S.T. from Smoky Lake Waste and Recycle Ltd. C/o Myron Zaplotinsky to sell **Unit 112** - 2005 Freightliner Condor (Spare Waste Truck) serial number: 1FVHCRDA95RV18244.

Carried.

Village of Waskatenau - Rural Address Concerns

362-18: Halisky That Smoky Lake County provide, at no cost to the County, a rural address of “59210 Range Road 193” to the Village of Waskatenau’s residence located at civic address 5028 44 Street, Waskatenau, for the purpose of location identification for emergency services only, due to the property access being within the County boundary; and at the request of the landowner as per email received on March 7, 2018; and notify the Village of Waskatenau of the same.

Carried.

363-18: Orichowski That Smoky Lake County contact the Village of Waskatenau to create and install a civic address sign for the residence located at NE-9-59-19-W4 within Smoky Lake County for the purpose of location identification for Emergency Service only, due to the property access being within the Village Boundaries.

Carried.

10 Hrs.	Job interviews.	Interviewing for new staff	Advertise and arrange interviews	advise
5 hrs.	Employee evaluations.	Evaluate staff	Complete documentation of evaluation	Improve working relation and communication
4 hrs.	Work plan.	Plan for the upcoming year :2018	Review work plans and make appropriate changes	Submit to council annually
40 hrs.	Prepare budgets.	Budget meeting for Gas Department needs	Evaluate capital and operational budget	Meet with finance manager and council for approval

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
PERIODIC- Continued				
8 Hours	Safety.	Annual safety meeting	Attend county wide safety meeting	Review incidents, find remedies, communicate with all county staff on working safely
20 to 40 Days	PFM check.	Pressure meter factoring. Required legally.	Go to all PFM sets and make sure that proper pressure is going through the meter.	Insures accurate measurement of gas to customers.
5 to 10 Days	Public building inspections.	Check public building where large groups of people gather.	Check churches, schools, halls, lodges, etc. for gas leaks within the buildings and appliance condition.	Safety to places where large groups of people may gather.
40 to 70 Hours	Cathodic protection.	Perform test.	Test cathodic beds and sacrificial anodes. Replacing when necessary.	Protect metal gas lines from getting pin hole due to electrolysis.
16 Hours	Tetter bag samples.	Collect sample bags of gas.	Take samples for each RMO at different locations, send away for a lab analysis.	Required legally. Provide documentation of gas quality.
151 hrs.	Compressed natural gas trailer.	Provide compressed natural gas in emergency situations.	Travel to various locations with CNG trailer.	Provide emergency gas for other Gas Co-ops and Third party jobs
4 to 8 days	Budget.	Capital and operating budget	Work with finance and management to prepare budgets	Approval by council for natural as department day to day operational finances and capital purchases
8 to 40 Hours	Hydro Axing.	Communicate with Public Works.	Check for grown in right-of- ways and give direction to Pubic Works on what needs to be trimmed.	Clean right of way for line walking, line locating and line repair.
80 to 800 Hours	Meter Recalls.	Replace outdated meters. Legally required.	Replace outdated meter with a current sealed meter. Repair leaks.	Less gas loss and eliminates the yearly PFM checks.
40 to 60 Hours	End Pressure Test.	Check pressures at various locations at end of lines.	Insert gauges at various locations and occasionally get readings.	Check if lines are delivering sufficient gas to customers.
60 Hours	GPS.	New service's and Alterations	GPS all new services and Alterations	Used for GIS system and future use for line locating if tracer wire deteriorates
25 to 30 days	Other duties.	Office	Do bank deposits, take mail out, help with stuffing gas bills	Make for good working relationship with office staff

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
PERIODIC- Continued				
40 Hours	O & M Policy.	Check if we are complying with the O & M Policies.	Fix, install or replace necessary equipment.	Comply with O & M Policy Manual Operations.
192 Hours	Inventory.	Take inventory at shop.	Physical count all inventory in our shop.	Monitoring for year-end.
SEASONAL				
May to November	Construction.	Install gas lines.	Construct new gas services.	New customers.
May to November	Construction.	Install underground lines.	Install underground power lines, phone lines, temporary water and secondary gas lines.	Generates an income and helps County customers.
May to November	Construction.	Wash and bleach all equipment	Wash and bleach equipment used in construction prior to crossing property lines	Prevent the spread of Club Root by this department
May to November	Sign installation.	Replace and install new signs.	Install new sign at new construction crossings and replace old unreadable or damaged ones.	Make people aware of gas lines crossing roads, etc.
8 to 80 Hours	Cut and Caps.	Terminate released lines.	Dig up gas lines that have been released, cut and cap the service.	Remove unwanted gas lines.
May to November	Maintenance.	Maintain facilities.	Do maintenance on above ground facilities (Reg Stations, RMO's, etc).	Tighten the system, less leaks more profit.
ASSIGNMENTS				
800+ Hrs.	Automatic Meter Readings.	Work on replacing all gas meters with AMR ones	Replace old existing meters with AMR meters having the ability to read gas meters using drive by or ultimately by fixed network (internet)	Strategic Plan
15 Hrs.	Automatic Meter Readings.	Group AMR meter customers	Group AMR customers to Taps and individual regulating stations	Use for gas loss and balancing
80 Hrs.??	Town of Smoky Lake	Collect data, collaborate with management to complete a viable contract	Negotiate Operation and Maintenance contract with the Town of Smoky Lake	Regional collaboration and Smoky Lake County gas system sustainability

One member of the public entered Council Chambers, time 10:40 a.m.

**Environmental Operation: Manager – 2018 Work Plan
Management Policy Statement No. 04M-01-08**

367-18: Orichowski That County Council accept, as amended, the received Management Policy Statement No. 04M-01-08: Environmental Operations Management 2018 Work Plan, for information.

Title: Environmental Operations Management Work Plan	Policy No.: 01-08
Section: 04 – M	Code: P – A
	Page No.: 1 of 9

Purpose:	To establish an Environmental Operations Work Plan for the Smoky Lake County for the Environmental Operations of Water, Wastewater and Waste Management Program.
-----------------	--

Policy Statement and Guidelines:	
STATEMENT:	
The Environmental Operations Management Work Plan, <i>Schedule "A"</i> outlines the Work Schedule of Projects and duties on a daily, weekly, monthly, periodic and seasonal time frame which provides detail work to be undertaken in the Environmental Operations for Water, Wastewater and Waste Management Program.	
BENEFITS:	
The Environmental Operations Management Work Plan will provide the following benefits:	
<ul style="list-style-type: none"> ■ Broaden the portfolio of the Environmental Operations of Water, Wastewater and Waste Management Program. ■ Good understanding of the process of the Environmental Operations of Water, Wastewater and Waste Management Department. ■ Increase efficiency and strengthen timeframe of deadlines. ■ Establishes accountability of the Program. ■ Communication Tool. 	
REVIEW:	
The Environmental Operations of Water, Wastewater and Waste Management Work Plan will be reviewed and presented to Council on an annual basis beginning of each year.	

SCHEDULE "A": ENVIRONMENTAL OPERATIONS MANAGER WORK PLAN 2018

Section 04-M

Policy: 01-08

SCHEDULE "A"

Environmental Operations Management: WORK PLAN 2018

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
DAILY				
½ Hour	Communication: Phone calls or emails from ratepayers, councilors and office.	Address issues regarding complaints or billing inquiries.	Inspect and Access provide reply if required.	Rectify and Document the issue.
¼ Hour	Organize daily projects.	Communicate plan, and safety concerns.	As per assigned work.	Time sheets.
¼ Hour	Morning mail	Collect County mail.	Collect and or mail if required and pick up parcels.	Provide mail to front desk.
2 Hours	Check Warspite potable Water system.	Monitor Chlorine content at plant and distribution system.	Collect samples from the plant and distribution system and test for total chlorine content. Calculate all chemical consumption. Monitor all chemical pumps, and visual inspection to assure all equipment is working properly.	Record all results on daily logs Level 2 water distribution certification required.
1 Hour	Check Regional equipment at the Warspite system.	Monitor pressures and chloramine residuals. If results are not efficient the operator will troubleshoot system.	Tend to adjustments required.	Record all results on daily logs. Level 2 water distribution certification required.
1 Hour	Monitor Warspite sewage lift station.	Monitor pump operation and ensure level sensing electronics are in good operation.	Manually work pumps and have a visual check on water levels while pump is in operation. Clean out sewage traps, daily.	Record all results on the daily logs. Level 1 water sewer certification required.
2 hours	Check Spedden Water system.	Monitor Chloramine content at plant and distribution system.	Collect samples from the plant and distribution system and test for chlorine content. Calculate all chemical consumption. Monitor all chemical pumps.	Record all results on daily logs Level 2 water treatment required.
1.5 hours	Check regional equipment, at the Spedden facility.	Monitor pressures and chloramine residuals. Tend to booster station. If results are not satisfactory the operator will trouble shoot system.	Tend to adjustments required. Communicate with St.Paul county and assist and rectify if any issues come up.	Record all results on daily logs. Level 2 water distribution certification required.
1 hour	Check regional and distribution system at the Bellis Potable Truck fill.	Monitor pressures and chloramine residuals. If results are not efficient the operator will troubleshoot the system.	Tend to adjustments required.	Record all results on daily logs. Level 2 water distribution certification required.

Environmental Operations Management: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
DAILY- Continued				
½ hour	Check on pumps and Booster station at the Smoky Lake regional station.	Monitor pressure and chloramine residuals. Tend to the booster station. If results are not satisfactory the operator will trouble shoot the system.	Tend to adjustments required.	Record results on daily logs. Level 2 water distribution certification required.
½ hour	Check regional equipment and testing at the Vilna and Waskatenau water facilities.	Collect water samples and testing for mono and free chloramine.	Tend to adjustments if required.	Record results on daily logs. Level 2 Water Treatment certification required.
WEEKLY				
½ hour	Safety Meeting	Report Verbally.	Listen to the safety issues that caused concern in the previous week and how to resolve, and report our department's plans for the week.	Communication tool Monitor.
1 hour	Managers Meeting	Verbally report to Management team of weekly direction and concerns.	Communicate with the other managers of weekly events. An opportunity to plan tasks with other departments and notice of events that may affect each department's weekly activities.	Management Communication
½ hour	Invoicing	Verify invoice to specific water or waste site.	Code, date and authorize.	Submit to appropriate office personnel.
3 hours NEW	Supervising Vilna Potable Water System	Test chloramine residual entering Reservoir and within the distribution System	Review Vilna's Operator in Training paperwork and results.	Level one water certification required. Record results.
10 hours	Water Testing and equipment calibration of Regional sites within the Smoky Lake County	A sample is collected at each site and is tested regarding Mono Chlorine, Free Chlorine, and Free Ammonia. Each site Chloramine Analyzer must be calibrated weekly.	We would collect 3 samples at every site. Each sample will take 15 minutes to complete. Sites to be collected from are: Spedden, Vilna, Bellis, Smoky Lake, Warspite, and Waskatenau. Beakers, and test tubes are to be cleaned and Chloramine analyzers are to be recalibrated reflecting results. Time allocated reflects travel time.	Record results on weekly logs. Level 2 water distribution certification required.
9 hours	Enzyme substrate tests (Bac-T samples)	Collect water samples, and deliver to aspen health authority. Record all results on weekly log. Also collect coins in coin operated truck fill in Warspite	Collect water samples throughout the county, Waskatenau truck fill, Warspite potable and raw, Smoky Lake truck fill, Bellis potable and raw, Vilna Truck fill, Spedden potable, Spedden raw, and lakes with swimming facilities.	These samples are couriered to the Provincial Laboratory for public health, with the results sent back to the county. If results fail we would redo this process, and rectify the problem found immediately followed with a report to Alberta Environment.

Environmental Operations Management: WORK PLAN 2018 - Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
WEEKLY - Continued				
½ hour	Flush Warspite distribution lines.	Monitor chloramine residual at end of distribution line. If results are less than 0.5 mg/l we flush in order to bring the residual to an acceptable level.	Open hydrant and test for total chloramine, when the water reaches the desired level the valve is shut slowly and caps are replaced.	Record result on daily log sheet.
2 hours	Maintenance and calibrate testing equipment.	Inspect, clean and follow manufacture guidelines for calibrating chlorine content meters, PH meters, and alkalinity meters.	Replace reference electrolyte cartridge in PH meter, mix a standards solution used to compare results.	Record all results on weekly logs.
2 hours	Wash and tidy service trucks.	Maintain professional appearance of utility department.	Wash outside, inside, tidy service box, clean tools and restock supplies as needed.	Service truck is safe and maintains clean appearance.
½ hour	In house courier.	We are asked to deliver packages to other municipal offices.	Since we must check the plants though out the county or attend meetings we will deliver packages to Waskatenau, Smoky Lake Vilna, Thorhild or St Paul	Deliver and Drive safe.
2 hours	Shock truck fill wells.	If Alberta Health notifies us of a sample that has contained Bacteria or E.Coli the well is shocked and flushed.	If Bacteria is detected approximately a gallon of Hypochloral Chlorine is poured down the well and then tested the next week. If E.Coli is detected the reservoir is flushed and drained and treated with bluestone. We retest and send off to the Alberta health lab that same day.	Follow up on resamples repeat if necessary. And document in the daily logs.
MONTHLY				
1 hour	Attend in house safety meetings.	A monthly meeting is arranged for the department to provide input.	Communication of safety issues that have occurred and provide input of options to prevent these occurrences to happen in the future.	Discuss the outcome of the safety meeting with the Environmental Operations staff and bring forward any concerns they may have regarding safe work practice.
1 hour	Read meters.	Meters are read monthly at Warspite.	Set up Itron auto reader, drive down the streets and verify the readings. We download the information at the office and review bills before they are sent out. Install meter if required.	Bill water usage.

Environmental Operations Management: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
MONTHLY - Continued				
1 hour	Service distribution pumps.	Proactive approach on general maintenance.	Grease, check propellers for wear and housing for signs of cavitation wear, and add or replace packing as needed.	Record all results on monthly log.
1 hour	Order supplies.	Order chemicals, repair parts and tools necessary to effectively operate facilities.	Distribute to facility where required.	Record inventory, and prices to assist in annual budget.
4 hours	Report to council	Monthly report required by council.	Prepare and deliver briefing or debriefing for Supervisor and council, monthly, and as required individual request of council, environment, health officials and the CAO.	File all for future reference.
On call	On call duties	Required for emergencies and weekend system checks.	Treatment facilities require the plant to be monitored on weekends during the high consumption seasons, small repairs are required throughout the system.	Report and monitor, the same as regular plant checks.
4 hours	Inspect Waste Transfer Stations	Go through each Transfer Station with designated waste operator.	Discuss operational issues, if cat work is necessary, burn pits cleaned, road maintenance, and when recycle contractors are to be notified for pick-up or maintenance.	Follow up by contacting desired county equipment or contractors needed.
2 hours	Check truck fill stations	Proactive approach: Check for leaks, line stress, station in proper working order, and maintain clean and tidy site.	Visual inspection of site as well as inside building. Assure receipt printer is working, unplug or change paper role when required. Assure all lights are working, and mechanical components are in proper working order.	On site record of what was done, how long it took, supplies needed, and date of visit.
3 hours	Attend Evergreen Meetings	Regional Waste Commission meeting communication of Evergreens activities.	Provide input when required. Learn of valuable information regarding our own sites, compare ideas and networking.	The agenda package is forwarded to the utility meeting agenda.
20 hours Varies on amount of recyclables.	Arrange for recyclable waste to be picked up.	This includes wastes such as, propane bottles, Tires, metals, agriculture chemical containers, batteries, paints, and electronics.	Arrange for Freon to be removed from refrigeration units and mercury from microwaves, prior to bailing. Collect all propane bottles and stored at one site for pick up. Notify recycle contractors when areas are almost full.	Record the weights or totals of materials taken as a small revenue is collected for some materials.

Environmental Operations Management: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
PERIODIC				
1 hour	Tend to overdue accounts.	Review bills and provide notice when the account is in arrears.	Notice is provided in the customer's bill, if there is still no payment we physically go to the customer and provide them with a written shut off notice.	If payment is not made we will inform the customer that the service will be shut off till the full payment is made.
1 ½ hours per call with travel	Line locates	Mark out underground utility upon Alberta One Call Request	Mark outline of the site in question, meet on site with contractors if possible. Assure the line is exposed before digging takes place, and supervise.	Record all events that take place, location and date. And do a site check to assure the reclamation is sufficient.
10 hours	Arrange for regular maintenance at Transfer Stations	Maintenance on burn pits, cutting grass, snow removal, toilets, and cat work at dry fill pits.	Ashes removed from pits and hauled to Evergreen site, have Ag department cut grass, have public works have snow plowed and cat level dry fill sites, and vac truck to clean toilets.	Record when these duties were performed and code contractor's invoices.
20 hours per Operator	Water operator training	Continuing education is required by the Alberta Water and Waste Water Association	Level 2 operators must maintain the required (CEU's) Continuous Education Units.	Send attendance records in to the Alberta Water and Waste Water Association.
5 hours/ week	Operator relief	Tend to water operations when Waskatenau or Vilna operators require time off.	Complete daily checks and maintenance of water treatment facilities and sewage lift stations at Vilna/Waskatenau.	Record on daily logs of activities and invoice the municipality.
20 hours	Maintain Lagoons	Expose manholes and valves, and repair access roads.	Visual inspection, prevent weeds growth, and rodents from burrowing on slopes to prevent erosion from occurring.	Record the date maintenance occurred and the costs of the project.
16 hours	Flushing sewer lines.	Have a Vac truck flush sewer with high velocity and clean sewage lift station settling chamber.	Organize for contractor, assist and supervise. Reassure all manholes are in place.	Monitor and record all results.
4 Hours	Flush regional line	Collect data from daily logs to determine which portion of the line has a low chloramine residual and flush accordingly.	When portion of the line is determined, assure each municipality has a sufficient amount of water, notify all regional members and open valve, monitor by randomly testing Chloramine residual. When the residual is at the desired levels (1.0 >) close valve and monitor the entire system.	Record all results in the daily logs and notify the commission of the metered amount of water that was flushed.

Environmental Operations Management: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
PERIODIC-Continued				
Depends on nature of job approximately 8 to 24 hours.	Emergency repairs.	Repair leaks throughout distribution and sewage systems, and repairs on treatment facilities.	Notify all customers who are affected, dig up line, locate all underground utilities. Inspect and repair. Clean up and reclamation of site.	Record site information, and notify Alberta Environment if required.
Varies on number of meetings.	Attend required meetings.	Departmental operations, Strategic plan, budget, and meetings with the Town or Villages.	Provide input regarding the Environmental Operations Department.	Prepare information, record information and carry out requests.
16 hours NEW	Repair waste transfer station fences.	Mend fences due to trees falling on the fence.	Cut the trees that are against the fence and ones that may be an issue in the future. Mend fence or replace portion if required.	Record the areas that have been repaired and monitor for future issues.
1 month approximately 1 hour per day. NEW	Supervise and inspect installation of backup generator at the Warspite water facility.	A proposed budget item in order for a contractor to install and wire a backup generator, in order to continue providing water services during a power outage.	Documenting all work done, and assuring the site is in excellent condition before the project is signed off. Become familiar and trained on all new additions to the system.	Notify Alberta Environment when the project is complete and file all plans and records for future reference.
1 month approximately 1 hour per day. NEW	Supervise and inspect the replacement of 2 distribution pumps for the Warspite water facility.	A proposed budget item in order for a contractor to replace worn out distribution pumps.	Inspections of work performed, provide feedback in order for the facility to be operator friendly. And document work performed and collect pictures of the installation. Become familiar and trained on all parts of the system.	Notify Alberta Environment when the project is complete and file all plans and records for future reference.
3 days approximately 1 hour per day. NEW	Monitor installation of lift station pump	A proposed budget item. In 2017 we had to replace one lift station pump the second lift pump is worn out and may not make the season.	Inspections of work performed, provide feedback in order for the facility to be operator friendly. And document work performed and collect pictures of the work performed. Become familiar and trained on all parts of the system.	Notify Alberta Environment when the project is complete and file all the plans and records for the future reference.
SEASONAL				
Every spring 8 hours.	Annual safety meeting.	All day meeting to discuss and interact with all employees on safe work practices.	Provide an update of past and upcoming events of the Environmental Operations Department as well as being informed of what other departments have to report. Acknowledge input from guest speakers informing us of issues that may arise.	Ensure all safety equipment and PPE is in proper order and maintain a safe working environment throughout the year.

Environmental Operations Management: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
SEASONAL				
Spring and Fall 8 hours	Exercise distribution main valves	8 main valves throughout Warspite distribution system, will take approximately 1 hour per valve. Proactive approach to see if these valves are in good working order.	Basically the valves are closed and opened. This process is repeated till the valve moves easily.	Record the results and date when this was done.
Spring and Fall 12 hours	Exercise all hydrants	12 Fire hydrants throughout Warspite, this is a proactive approach to assure all the hydrants are in proper operating order for emergency purposes. This would include a visual inspection as well, and would take about 1 hour per hydrant.	Each hydrant is flushed, and inspected for corrosion, and valve wear.	Record the results and date when this was done.
Spring and Fall 8 hours	Exercise all CC valves	At the present time, there is 46 service CC valves. As well as regular maintenance we would be able to tell which ones are in need of repair.	Each CC is closed and opened, and we verify with customer if these valves are in proper working order.	Record the results and date when this is done.
Spring and Fall 24 hours	Inspect and exercise regional line valves.	Assure all valves and blow offs are working properly	Open and close valves, run water through blow offs assure proper drainage. Inspect man holes maintain sites for easy access.	Record results and rectify any problems. Record the dates when this was done.
Summer 8 hours	Weed control at lagoon sites	Both lagoons should have weed control for both appearance and to provide rodent prevention.	Spray each facility and inspect for rodent burrowing activity mow grass 2 times in summer	We would record the date this was done as well as the amount of chemical used.
12 hours	Clean and repair paper incinerators.	These are the incinerators at the waste transfer stations for county residents to burn private letters/information. We have 5 incinerators throughout the county that must have the ashes removed.	Lift the unit with the backhoe in order to remove the ash. Inspect the units and replace top screen when required.	Place incinerator back into position and assure that it is in safe working order.
3 hours	Weed control at Spedden Water treatment plant.	Weed control for appearance and safety.	Cut down existing weeds and spray to prevent,	We would record the date this was done as well as the amount of chemical used.
30 hours	Freon Removal.	Remove the Freon from every discarded refrigeration unit at every transfer station.	With the recovery unit tend to every discarded refrigeration unit by piercing the copper piping containing Freon. During this procedure weigh the amount of product collected and document. Send product for recycling.	A CFC/HCFC/HFC Control in the Refrigeration and Air Conditioning Industry certification is required.

Environmental Operations Management: WORK PLAN 2018- *Continued*:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
SEASONAL				
8 hours per week NEW	Cut grass at water and waste facilities. Tend to organizing/lifting recyclables.	A proposed budget item for a utility tractor with front end and mid mount mower.	Cut grass in smaller areas at water facilities, truckfills, lagoons transfer stations and mini transfer stations when required. Use front end to load and arrange heavy recycling items such as truck tires, metals, refrigerators etc.	Complete all areas that require cutting and implement a schedule.
8 hours	Provide budget.	Review the costs that have occurred and forecast the capital and operation budget for the upcoming year.	Look into capital items that are required and provide council. With costs	Prepare budget for council and when passed follow diligently.
2 hours	Employee evaluations	Prior to Budget, meet with employees regarding evaluation.	Discuss improvements and praise when required.	Record and submit it a raise is in order.

Agricultural Service Board: Agricultural Fieldman – 2018 Work Plan Management Policy Statement No. 62M-01-11

368-18: Gawalko

That County Council accept, as amended, the received Management Policy Statement No. 62M-01-1: Agricultural Service Board 2018 Work Plan, for information.

Title: Agricultural Service Board – Agricultural Fieldman Work Plan	Policy No.: 01-11
Section: 62 – M	Code: P– A
	Page No.: 1 of 7

Purpose:	To establish an Agricultural Service Board Work Plan for the Smoky Lake County Agricultural Service Board Program.
-----------------	--

Policy Statement and Guidelines:	
STATEMENT:	
The Agricultural Service Board Work Plan, Schedule "A" outlines the Work Schedule of Projects and duties on a daily, weekly, monthly, periodic and seasonal time frame which provides detail work to be undertaken in the Agricultural Program.	
BENEFITS:	
The Agricultural Service Board Work Plan will provide the following benefits:	
<ul style="list-style-type: none"> ■ Broaden the portfolio of the Agricultural Service Board Program. ■ Good understanding of the process of the Ag Department. ■ Increase efficiency and strengthen timeframe of deadlines. ■ Establishes accountability of the Program. ■ Communication Tool. 	
REVIEW:	
The Agricultural Service Board Work Plan will be reviewed and presented to Council on an annual basis beginning of each year.	

SCHEDULE "A": AGRICULTURAL SERVICE BOARD: AG. FIELDMAN WORK PLAN 2018

SCHEDULE "A"

AGRICULTURAL SERVICE BOARD: WORK PLAN 2018

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcome
DAILY				
1-2 hrs	General Administration	Approve staff time sheets, code ASB invoices, maintain records (spraying, weed inspection, mowing, complaints), order parts, chemical, toxicants and maintain staff records, assist office staff with various duties.	Assign duties to crews. Inspect work being done. Complete ASB Duties. Keep up to date on emails, data entry, timely coding of invoices as per accounts payable requests.	Detailed and organized ASB records, Admin staff satisfied with flow of information. Required ASB duties under the Acts completed.
1 hr	Phone Calls	County residents concerns. Agricultural Information on Invasive species, chemicals, toxicants, trees, soils, land and custom rates.	Address and handle concerns in a timely fashion.	Document complaints and maintain records. Follow up to confirm problems were investigated and rectified. Document calls and requests.
1hr	Bank Deposits	County deposits.	Deliver bank deposits.	Help out office staff.
WEEKLY				
1 hr	Manager Meetings	Meet with all department heads to ensure open communication between departments.	Assist other departments as required.	Communication tool.
1 hr	ASB Staff Meetings	Meet with ASB Staff.	Discuss work plans for the week. Address safety concerns and other issues.	Communication tool to address timelines.
1 hr	Safety Meetings	Attend weekly safety meeting.	Discuss safety issues and incidents. Discuss workers concerns.	Staff use meeting to address concerns and issues that take place in the work week.
1 hr	Code Invoices	Code to specific account number.	Review current budget in codes.	Proper coding.
1hr	ASB Staff Timesheets	Review and sign ASB staff timesheets.	Ensure timesheets are being completed and handed in on time to payroll.	All timesheets are handed in and completed properly and on time.

MONTHLY				
2-3 hrs	Monthly Reports to Council	Manager report form.	Fill out report.	Maintain record of reports.
5-6 days	Prepare ASB Agenda packages and write RFD's	Research topics. Prepare packages.	Prepare Agenda's and Request of Decisions Photocopy and distribute packages.	Complete action list from the meeting.
1-2 hrs NEW	Farm/Field Visit	Meet with ratepayers and agricultural producers to diagnose weed, pest or disease issues.	Provide identification of problem and possible solutions.	Maintain record of field visits.
1-2 hrs	Monthly Time Sheets	Summary sheet of work, vacation and sick days.	Fill out and hand in.	Monitor ASB issues.
2 hrs	In-House Safety Meetings	Attend monthly.	Discuss safety issues and incidents. Discuss workers concerns.	Staff use meeting to address concerns and issues to take place in the work week.

AGRICULTURAL SERVICE BOARD: WORK PLAN 2018- Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
PERIODIC				
2-3 days	Job Interviews	Interviewing staff.	Advertise and arrange interviews.	Hire staff as required.
1 day	AAAF Regional Meeting	Attend meetings.	Meet with NE AAAF members to discuss agricultural issues of mutual concern.	Bring back issues to Council.
4 hrs	Issue Form 8's (Permit to use Coyote and Skunk Control Material on Own Land) to landowners	Issuing 1080 tablets for coyote control where predation is deemed a problem.	Inspect complaints to confirm predation. Issue 1080 tablets to producers.	Issue 1080 tablets to qualified producers. Reduction of coyote predation in livestock.
	Wild Boar On-Farm Inspections	Complete Inspections on Farm of the Wild Boar Containment Standards put in place by Alberta Agriculture	Carry out require duties under the Agricultural Pest Act of Alberta	Ensure wild boars are not at large in Alberta or Smoky Lake County
6-7 hrs	Agriculture Awareness	Set up seminars and workshops.	Arrange guest speakers, prepare presentations and advertise.	Document.
5-7 days	ASB Policy Review	Review policies.	Amend old policies and/or create new ones.	Update policies to ensure they are current within 5 years.
1-2 days	Environmental Farm Plans	Meet with producers to assist them in completing their EFP's.	Help producers complete their EFP's and attend peer review sessions to review binders.	Issue completion letters. Maintain records.
1-2 days	Growing Forward 2/ Canadian Agricultural Partnership	Help producers complete grant applications. Wrap up growing forward 2.	Aid producers in filling out grant application forms.	Document.
NEW	Canadian Agricultural Partnership	Prepare for the new program, train staff to become fluent in the new grant programs.	Prepare materials and grant applications for programs.	Document and report to Alberta Agriculture annually the amount of producers helped with grant applications.
4-5 hrs	LARA	LARA Projects within Smoky Lake County.	Monitor LARA programs that take place within Smoky Lake County.	Report on measurable outcomes from LARA and report to Council and to Alberta Agriculture.
SEASONAL: Yearly Outline				
January	Agricultural Service Board Conference	Attend conference.	Book rooms. Complete registration packages.	Advise.
February	ASB Resolutions	Present new resolutions annually.	ASB to discuss new resolutions to come to a group consensus.	Consensus reached as only two members can vote at provincial conference.
6 days	ASB Grant Application	Report ASB Activities to Alberta Ag.	Submit activities in detail and ASB expenditures.	ASB will receive funding for legislative and environmental activities.
5 days	ASB year end	Ensure all invoices are paid and bills coded to proper accounts.	Go through the ledger.	Verify with the Finance Department.

AGRICULTURAL SERVICE BOARD: WORK PLAN 2018 - Continued:

Time	Work Schedule Projects	Work Description Projects	Elements: Tasks Duties	Verified Outcomes
2 days	Renew Licenses	Renew explosives and damage control licenses.	Complete the paperwork and submit.	Maintain records.
1 day	ASB Work Plan	Plan for the upcoming year-2018 Work Plan	Submit to Council for approval.	Submit to Council - Annually.
6-7 days	Various Ag Conferences	Attend conferences.	Attend conference and learn about projects or information.	Bring information to ASB or apply new information and skills to ASB programs.
4-5 days	ASB Business Plan	Review all ASB data from previous year.	Develop measurable outcomes for reporting.	ASB Business plan is submitted to Alberta Agriculture annually on time.
NEW 2 days	Mowing Alternatives and Cost	Research Mowing contracting and cost of different service levels of mowing.	Develop cost breakdowns for multiple mowing scenarios.	Submit to Council for information.
NEW 6-7 days	Develop Wetland Policy in cooperation with Planning and Development Department.	Develop a policy that reflects the rural land use framework and the North Saskatchewan Watershed Plan.	Submit to Council for approval.	Adopt into the Governance Policy Manual.
